"Have you ever watched a cow chew its cud? I have. When Pope Benedict asks us to ruminate on the Word, that's what he is talking about. Ponder, chew, reflect on the meaning over and over and over, then put yourself in some of the Gospel scenes, and ask yourself honestly what you might have said or done if you had been present. You'll see some things that will surprise you, some things that will challenge you about yourself."

Sister Ann Shields, S.G.L.  
To Be Like Jesus

"Turn to the Scriptures and use them in all circumstances, and believe what you read. Mark the passages which come alive in you and go back to them, especially when you are having a 'dry' period in your prayer. Write down what God speaks to you through a particular passage and use it when you pray, because whatever God said yesterday is still good today. The Word wasn't just for a day, but for all days."

Fr. Michael Scanlan, T.O.R.  
Appointment with God
